

FLYSCREEN/SECURITY SCREEN REPORT

SCREEN REPORT

The Flyscreen / Security Screen report has been modified to incorporate the option to leave components off the report and only show items set up in the component groups summary as metal.

- Select the 'Cutting Sheet' icon
- Select <Screens>
- Make your selection for Flyscreens and/or Security Screens
- Select Yes or No for the following option that will appear on your screen

- The report will calculate the requirements for the selected quotation

GRILLE REPORT

To print a grille only report –

- Select the 'Cutting Sheet' icon
- Select <Screens> and select <Grille Only>
- The report will calculate the requirements for grille only
